

Harmony Project provides high quality **music instruction** and **social support** to children year-round at no cost. Through our network of outstanding instructors and continuous opportunities for advancement, **we motivate youth to achieve their greatest aspirations and cultivate the human potential of our communities.**

OUR MISSION

Growth: To promote the healthy growth and development of children through the study, practice, and performance of music.

Community: To build healthier communities by investing in the positive development of children through music.

Connection: To develop children as musical ambassadors of peace, hope and understanding amongst people of diverse cultures, backgrounds, and beliefs.

We know music education works.

Our research-based curriculum is developed to maximize the cognitive benefits of music education including improved reading skills and ability to focus in a noisy classroom. **Each Harmony Project student receives:**

Instruments

Lessons

Performances

Accepting new students each Fall, please contact **Andi Smith, Harmony Project Director** for more information at:
