

Since opening our doors in 2002 with only one campus, La Paloma Academy has become the largest and fastest growing charter school in Tucson.

We owe it all to YOU!

We are grateful to La Paloma students, parents, and families for your support and are honored you have entrusted us with the education of your children.

As we look back on the last 15 years with pride, our entire La Paloma Academy team looks forward to accomplishing even more in the years to come.
